NEW ORLEANS HOLDS DIAMOND FESTIVAL

Yellow Fever Germ Thought to Be Found by Expert.

22 NEW CASES AND ONE DEATH

City Takes Holiday to Raise Money For Yellow Fever Fund—Situation in Crescent City Very Favorable and Officials Are Hopeful.

New Orleans, Sept. 18.—Up to noon today there were 22 new cases of yellow fever and one death reported.

New Orleans, Sept. 18.—New Orleans took a half holiday today and participated in a monster festival arranged to swell the citizens yellow fever fund.

The festival was preceded by a parade that was witnessed by large crowds in the business section. The weather was ideal and a spirit of enthusiasm pervaded the participants resulting from a belief that the trifling number of deaths being reported in the second half of the worst of yellow fever months indicates that the fight against the fever is almost won.

While nothing has been given to the public concerning the results of the investigations that have been made at the Emergency hospital, Dr. Hamilton B. Jones, who is the surgeon in charge, announced at a meeting of the board of trade that he believed that Dr. Archinard, the eminent local bacteriologist, who has been at work in the laboratory, has discovered the germ of yellow fever. Nothing will be officially published until the investigations are complete.

In connection with the Emergency hospital, Dr. Jones said that the most expensive equipment had been purchased with the view of its transfer to the permanent hospital when it shall have been established.

Remarks by Dr. Beverly Warner, Dr. Magruder and others at the same meeting, indicated that as soon as the fever is over a movement will be pressed here completely to divorce the two health boards from politics. The president of the state board is now appointed by the governor, and the president of the city board is elected by the city council. It is proposed to ask for legislation which will permit the medical societies to suggest the names of physicians from whom these offices shall be selected.

Encouraging News from Country.

Dr. Richards has sent an encouraging report from the camps on Bayou Barataria, saying that there are no new cases, and no deaths, in the camps under his charge and that those who are ill have recovered. He considers that he had killed all the mosquitoes in the vicinity and that if there are new cases in his neighborhood, hereafter they will be imported. A dispute is reported from Moorehouse parish. Health Officer Thomas reported a case near Mer Rouge, to be mild yellow fever. The president of parish board disagreed and Dr. Thomas resigned.

During the campaign resignations of health officials have been frequent, when there has been a disagreement with these views.

Owing to the case at Berwick, Morgan City, which is on the opposite side of the bay, has quarantined that town, but will let a screened ferryboat run during the day time.

The situation at Patterson is less promising because funds have run short, and there has been a general abandonment of disinfection. The public Health Association has been permanently organized here and Vice President Charleston Janvier, of the Canal-Louisiana bank, elected president.

With no deaths during the night or early in the day there was promise today of another more satisfactory report of the yellow fever situation. Today ends the eighth week of the active campaign against the fever, and in spite of the increase in cases this week, the authorities feel generally encouraged.

Reports from the country districts indicate that there is some interference by quarantines of the marketing and picking of cotton, cotton picking, negroes being shut up in some of the towns. Merchants and the health authorities are working to remedy this condition. There is an increase in travel from the outside into New Orleans, numbers of people coming home in the belief that danger has now been reduced to a minimum.

Three New Cases at Natchez.

Natchez, Miss., Sept. 16.—Three new cases of yellow fever, two white and one a negro, were reported this morning. They were under observation several days. Of the three, one is a new focus in a prominent residential district. Three patients were discharged today. Total cases to date 29. No deaths.

Conditions Better in Pensacola.

Mobile, Ala., Sept. 18.—A special to the Item from Pensacola, Fla., says: "The fever conditions in this city are the best since the first case appeared. Not in 48 hours has a new case appeared, and no deaths since yesterday when one occurred. To show the improvement that has occurred that portion of the infected district which has been quarantined has been relieved of the restrictions under orders from State Health Officer Porter.

Russian Radicals Meet.

St. Petersburg, Sept. 18.—A meeting here of the prominent Radical writers of Russia to discuss their attitude toward the national assembly has developed a divergency of opinion. The majority endorsed the platform adopted by the league of emancipation at Moscow last week, favoring active participation in the elections to and sessions of the assembly, but solely with the idea of making it a constituent assembly and adopting a policy of obstruction toward all business except the reconstruction of the governmental system. The minority favored an entire boycott of all the preliminary work for the establishment of the National assembly and expressed dissatisfaction with its insufficiency.

Missionary Board in Session.

Seattle, Wash., Sept. 18.—Late last night delegates to the American Missionary board were in favor of either North Adams or Springfield, Mass., for the next meeting place, these towns being in close proximity to Williamtown, where, in 1806 the famous "Haystack gathering" was held at which was planted the seed from which sprung the present board. Dr. Henry Hopkins, vice president of the board has been persuaded to stand for re-election now that the next meeting place will be there as he is president of Williams college at Williamstown. The centennial of the Haystack meeting will be observed next year. All the present officers of the association will, it is expected, be re-elected tomorrow.

To Sue Book Publishers.

Montgomery, Ala., Sept. 18.—Governor William D. Jelks this afternoon sent instructions to Hon. Massey Wilson, attorney general, to begin suit for damages on the bonds of school bok publishers who have failed to comply with the law under which they were given contracts to supply books to the schools of the state. It seems that all of them are charged with not having a full and complete supply of books at the Montgomery depository all the time, while at least one is alleged to have been negligent as to the depositories. The bonds are for amounts ranging from $5,000 to $12,000.

Negro Held for Assault.

Gainesville, Ga., Sept. 18.—Luke Aycock, a negro convicted of attempted criminal assault in Jackson county court, was for nearly a month confined in the Hall county jail for safe keeping, and no one in Jackson county save the sheriff was aware that he was in this part of the state. On August 18th Sheriff Stevens left Jackson with the negro and went to Athens. It was thought that he carried him to a middle Georgia town, where no one knew. Excitement was high at Jackson, and there was talk of a lynching. The officer doubled back by way of Lula and brought his man in to sheriff Cross

TWO ARE KILLED IN RAILROAD ACCIDENT

Passenger Train Collides With Switch Engine.

SCORE OF PASSENGERS INJURED

The Passenger Train Was Running at a High Rate of Speed When It Sideswiped the Light Engine with Fatal Results—List of Dead.

Kimmel, Ind., Sept. 18—Two persons were killed and a score were injured in a collision between Eastbound passenger train No. 14 and a light engine on the Baltimore and Ohio railroad, one mile west of here early today.

The light engine which had been standing on a siding waiting for No. 14 had pulled out on to the main line to where it was impossible for passing trains to clear it, and the passsenger train came by at high speed. It was side-swiped, the passenger engine and forward cars being completely wrecked. A majority of those injured was cut by flying glass and debris.

Engineer Stephen Snyder, of Garrett, Ind., was killed beneath his engine, and baggageman Frank Smoolze, of Chicago Junction, O., was pinioned beneath the wreck of the baggage cars.

The injured were taken back to the town of Cromwell on a relief train, which had been immediately sent to the scene. The names of the injured have not yet been ascertained.

It was learned from physicians in attendance that none of the injuries of the persons is serious, only consisting of minor cuts and bruises.

The dead are:

Stephen Snyder, engineer of the passenger train, married; scalded beyond recognition.

Frank Smoots, of Chicago Junction, O., baggagemaster, married; crushed to death.

Unknown man, presumably a tramp, found cut to pieces under the wreck.

Twenty were injured, but all but three were able to continue their journey.

Peaceful Settlement Expected.

Christiana, Norway, Sept. 18.—Most of the dispatches from Karlstad agree in saying that the negotiations between the Norwegian and Swedish delegates are reaching smoother water. According to the Verdens Gang a peaceful settlement may be confidently expected, while the Aftenposten's correspondent says the arbitration question may be regarded as almost settled, and that both sides are directing their efforts towards a satisfactory understanding in regard to the Fredericksten and Kongsvinger for treasure. Das Morgenblat's correspondent remains doubtful. He declares it is too early for hopeful prognostications regarding the outcome of the negotiations.

Threatened with Typhoid Epidemic.

New York, Sept. 18.—Vacations spent in small farm houses, poorly ventilated ,with bad drainage and contaminated water supplies are declared by several leading physicians of this city to threaten an epidemic of typhoid fever during the autumn. The doctors declare that stringent measures may be necessary to prevent a great amount of sickness from these causes among persons who spent their vacation days in the county supposedly enjoying a change of air and fresher food than they get in the city.

Famous Swindler in America.

New York, Sept. 18.—Romaine Daurignac, brother of the Theresa Humbert, who by tales of a fictitious legacy, managed to borrow $12,000,000 from Paris money lenders, will arrive in New York today, according to a World dispatch from Paris. Daurignac is going to begin life anew in New York after having completed his term of three years' imprisonement for complicity in his sister's swindle. It is believed in Paris that Romaine goes to America to select a future home for the entire family, and that he will be followed by Theresa Lambert and her husband and other members of the

BARBER SHOP DYNAMITED.

Bomb Is Thrown Against Building. No One Was Injured.

New York, Sept. 18.—A bomb was thrown against the front of Casino P. Liotta's barber shop in Fushing avenue, Brooklyn, today.

The explosion blew in the front doors and windows and tore up a portion of the floor.

Litta had received twenty-five threatening letters within a year and within a week a writer of one informed him that he would be killed if he did not put $600 where it could be found by the writer.

When the bomb exploded the three families, including that of Liotta, who lived in the building, fled from it in a panic. Liotta carried a revolver and opened fire on a policeman who came runnning to find the cause of the explosion, but the bullets went wild.

It is believed the bomb was thrown from the platform of a street car passing the shop.

Believed Motorman Suicided.

New York, Sept. 18.—Police agents were called late last night to Marmaneck, where it is reported tha ta man resembling the missing motorman, Kelly, whose train was wrecked at Fifty-third street last Monday, had committed suicide. A description telephoned to the Mamaroneck filled that of Kelly very closely with the exception that the suicide wore no mustache. It was evident the suicide had taken great care to make death certain. His body was found in a field on the White Plains road. The man had removed his collar, and climbing on a fence beneath a tree had so placed a clothes line over a limb that three nooses were formed. After placing them about his neck he jumped from the fence.

Negroes Wanted to Whip Blacks.

Waco, Tex., Sept. 18.—A mob of a hundred negroes visited the county jail at an early hour today with buggy whips in their hands and asked the jailer to turn over to them Arthur Shelby and "Dub" Hargrove, two negroes, who had been jailed on a charge of criminally assaulting a negro woman. The negroes claimed they wanted to show that they did not countenance such acts. They offered to sign a bond to return the two negroes after had whipped them, but their request was refused. They came back a second time, but made no violent demonstration.

Killed Father Through Mistake.

Arlington, Ga., Sept. 18.—Rolly Milliner, a prosperous farmer, who resides within 12 miles of Arlington, in Baker county, was shot and instantly killed by his son. He had been to a neighbor's house to get a dog, and returning at a late hour and not wishing to disturb his sleeping family, did not let them know of his presence in the house. He went into the dining room to eat a lunch before retiring and the son, hearing some one and thinking it was a burglar, noiselessly slipped to the door and emptied the contents of his shotgunu into his father before discovering his mistake.

Farmers' Day at the Fair.

Atlanta, Sept. 18.—Thousands of the Georgia farmers will attend the state fair on Farmers' Union day, Oct. 12, according to President C. S. Barrett, of Thomaston, who was in Atlanta Friday and called at the office of Frank Welton, secretary of the fair association. The Farmers' union will really be in session for three days during the state fair, but on one of these days all the exercises will be held at the fair grounds, and the event will bring many farmers from every section of the state, as the membership of that organization has been growing with immense strides.

Attempted Triple Tragedy.

Little Rock, Ark., Sept. 18.—Hiram Sigler, a hostler, 54 years of age, attempted to kill his wife and daughter and then committed suicide by swallowing carbolic acid. Mrs. Sigler is badly burned by carbolic acid, which her husband tried to force down her throat, but she will recover. The daughter escaped from the house and gave the alarm. Sigler left his wife two weeks ago and since that time had

PLANTERS TO FIGHT ENGLISH SPINNERS

Prominent Cotton Grower Gives Out Hot Interview.

CROP IS SHORT 60 PER CENT.

He Says, the English Manufacturers Have Been Robbing the Southern Farmers for Forty Years and It Is Time to Stop It.

Birmingham, Sept. 18.—A special to the News from Meridian, Miss., says that John A. Bailey, president of the Lauderdale county branch, of the Mississipp Cotton Growers' association has declared in an interview that the Cotton Planters of the south are preparing for a bitter war with the manufacturers and especially with the foreign spinners who held their convention in Liverpool recently and fixed a price on southern cotton which they agreed to stand by.

"These foreign thugs," said President Bailey, "have invaded our country for the past forty years and robbed us of what is and justly was our own. That they have combined now to keep down the price of cotton in reflected in the many cotton letters from England but that will not deter us in the step we have decided upon. The time has come when the southern bankers and merchants must line up and fight the battle along with the southern planters, the producers of the south's great money crop. While the bankers and merchants will be greatly benefitted by eleven cent cotton, the minimum at which the staple will be held, the small farmer will eventually reap the greatest benefit from it."

Mr. Bailey says that the production will be but little better than 60 per cent, if that much. He says every planter is being urged to hold his cotton and that sixty days at longest will serve to develop the shortage in production.

ENGINEER DIES ON DUTY.

While Reaching for Brakes to Stop Train He Falls Dead.

New York, Sept. 18.—Engineer Murray Turner dropped dead in the cab of his locomotive just as he was about to apply the brakes to stop the Erie railway's Chicago train, known as the Pacific express, at Deposit, N. Y.

Fireman Land saw the engineer's head suddenly drop to one side on the sill of the cab window, out of which he was leaning to peer through the darkness toward the switches of Deposit, which were just ahead. Immediately afterward the engineer slid to the cab floor dead. The big engine was already passing the switching tower when the fireman reached the throttle, but he stopped the train at its proper place beside the station. A physician said Turner died of heart disease. Another engineer took his place immediately and the train proceeded.

Sea Level Canal Favored.

Washington, Sept. 18.—A majority of the foreign members of the consulting board of engineers of the Isthmian canal appear to favor a sea level canal. This fact may become of the greatest importance, if their vote shall become necessary to decide that which is after all the principal question requiring a decision at the hands of this board. No attempt has yet been made to pass upon this question at any of the regular board meetings, but the fact is that the majority of the foreign delegates who have been closely studying the vast amount of data collected and laid before the board by the canal commission are at present of the opinion that a sea level canal would be better than a lock canal.

Five Killed by Explosion.

Pinconning, Mich., Sept. 18.—By the explosion of an alleged defective boiler in the stave mill of Edward Jennings here today, five men were killed and eight or ten injured, two of them so seriously that they will pro-

NEWS OF CITY AND COUNTY CONDENSED

Mrs. T. Denby has returned from Jacksonville, where she has been for the past several weeks, and will reopen her music class in a few days. Mr. Denby accompanied her home but will return to Winter Garden today, where he is engaged in truck growing.

R. T. Schafer and sons returned last night from Port Orange and other points on the East Coast, where they have been enjoying life for the past two weeks. Mr. Schafer, who is proprietor of the Keystone Bakery, has been working steadily for some time, and the vacation proved of great benefit to him.

John Entenza, the cigar manufacturer of Waldo, was in the city yesterday. Mr. Entenza, who is making one of the best lines of cigars in the state, proposes to demonstrate at the Tampa State Fair what can be produced in this direction in Alachua county. He will take a large quantity of material to Tampa, and during the fair will keep a couple of cigar makers busy in the Alachua county exhibit.

Rev. Ira Barnett of Sutherland, financial agent of the Florida Seminary and one of the most eloquent ministers in the State, has been in the city for the past two or three days in the interest of the Seminary, which he declares has the best prospects of any year since its existence. Mr. Barnett was extended the courtesy of the pulpit at the Methodist church Sunday morning and delivered an impressive sermon to a large congregation.

George F. Weston, for the past eight years superintendent of the famous Biltmore farm, Biltmore, N. C., arrived in the city yesterday. He was met by N. A. Callison of Spring Park Farm, Bennington, of whom he will be the guest for the next few days. Mr. Weston is one of the most thoroughly posted men on cattle in the United States. He has spent the majority of his years in that business, and his opinions are highly regarded by the best authorities.

The revival which has been in progress at Friendship Baptist Church, colored, for the past two weeks, closed Sunday night, when several new members were immersed. The revival has been quite successful, a great many accessions to the church having been made. The meetings have been largely attended by white friends of the church, for whom a special space in the gallery was provided, and the congregation seemed to appreciate their presence, as it lent encouragement to the work.

Mrs. Maretta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrasing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. Rogers, Hon. W. M. Holloway, Mrs. J. D. Turner. For further information call at Mrs. McIlvaine's, 108 N. Arredondo street.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

PURE BLOOD
INSURES A CLEAR SKIN

When Eczema, Acne, Tetter, Pimples, or other skin diseases make their appearance it is a sure sign that the blood is filled with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—do not remember now just how much—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find it a perfect cure as it proved to be in my case. MRS. C. E. SHOEMAKER.
Alliance, O., 516 E. Patterson St.

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of allowing them to be forced to the surface through the skin. S. S. S. is the greatest of all tonics for building up the entire system, increasing the appetite and helping the digestion. S. S. S. cures all skin diseases promptly and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. Book on Skin Diseases and any medical advice you may wish free of charge.

AN EXCITING EXPERIENCE.

E. Fredericks of Chicago Nearly Killed in Ascending Vesuvius.

A recent issue of The Chicago World contains a most thrilling account of the experience of E. Fredericks of that city, who was the last tourist to make the ascent of Vesuvius.

Mr. Fredericks is a warm personal friend of William Winner of Chicago, who is now making his home in Gainesville.

The World states that Mr. Fredericks, who is traveling on the Continent, joined a party for the ascent, which is ordinarily regarded as a dangerous undertaking. A courier warned the party of the danger, as the fiery mountain was in action; but as thirty minutes elapsed between the eruptions, Mr. Fredericks determined to risk it alone, his companions having refused. Native guides assisted him to a sedan chair and he started, but the guides delayed matters on the way and asked for a bottle of wine, urging him to drink. The delay was so great that Vesuvius again began to boil sufficiently to throw hot lava over the crater. Mr. Fredericks, placing the sedan chair over his head for protection, fled. The ascent was extremely difficult, during which Mr. Fredericks came near losing his life several times. When he reached the base of the volcano he was taken to a hotel, where he remained unconscious for several hours.

Shephard Held on Bond.

Abraham Shephard, who was arrested a few days ago by United States revenue officers near Mikesville upon a charge of owning and operating an illicit distillery, and who was arraigned before Commissioner Locke in Jacksonville, was required to give a bond of $250 for his appearance at the fall term of the United States Court in Jacksonville. The bond was promptly secured and the defendant released.

It is said that the officers did not find the still in operation, but that a quantity of "skimmings" was found, which will be sufficient evidence that the still had been working. The outfit comprised a fifteen-gallon wash-pot, with all appliances of a regular still.

Shephard is reported to have plenty of money, as it is alleged this still has been in operation and enjoying a fine business for some time.

Attorney C. C. Thomas of this city represented Shephard.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." THE DAILY SUN.

A BIG ROW ONE MAN KILLED

Another Was Painfully Wounded and the Perpetrator Escaped.

A SATURDAY NIGHT AFFAIR

Alleged that Negroes Had Gathered Near Meredith for Regular Weekly Skin Game—Gamblers Appeared and Caused a General Rough House.

Information reached this city Monday of a big row which occurred at the negro quarters near Meredith Saturday night, in which one negro, Chas. Jenkins, lost his life, and another negro, name unknown, was seriously shot. The party doing the shooting, the name of whom could not be learned, made his escape, and has not yet been captured.

The particulars are very indefinite, but from the best information it appears that the negroes, as is their custom on Saturday nights, indulged in a skin game. The game progressed until nearly midnight, when a dispute arose, the lamps in the shanty were extinguished, and a general row ensued with the above result. Jenkins was shot in the arm, the ball passing directly through and entering the heart, from which death resulted almost instantly. The other negro received a painful wound in the right leg, which it is believed will not prove serious.

As a rule the negroes of Meredith are a peaceable set, and it is seldom that a row occurs among them, but upon this occasion the disturbance seemed to have orginated from the fact that traveling gamblers, who make a profession of living off the earnings of the laboring class of turpentine and saw mill hands, were present, and the men finally realized that they were being "skinned" sure enough, when the trouble began.

Officers are in search of the party who did the shooting, but so far have been unable to apprehend him. He is believed to be hiding in the swamps near Meredith.

JUSTICE COLMAN'S COURT.

Marion Smith, a Young White Man, Fined on Two Separate Charges.

Marion Smith, a young white man employed by C. C. Pedrick, was arraigned before Justice Colman yesterday upon two charges—that of carrying concealed weapons and discharging fire-arms. It appears that young Smith's father gave him a pistol that he had been repairing Sunday morning and requested him to walk out into the woods and try the weapon to ascertain if it was all right. In obedience to this command Mr. Smith, with a couple of companions, went to a point near Bevins' Arm, when he discharged the piece several times. Sheriff Fendell happened to be in the vicinity and was attracted by the shots. He placed young Smith under arrest upon the charges stated.

The defendant was fined $2.50 and costs for shooting on the Sabbath and $10 and costs for carrying a concealed weapon. The fine in the last instance, however, was suspended pending good behavior.

Mr. Smith stated that he had no intention of offending the law, but was simply obeying the will of his father. He has always borne a good reputation.

Death of Good Man.

Friends of T. J. McRae of Hawthorn will sympathize with him in the recent death of his father, Judge M. N. McRae, which occurred in Lumber City.

Judge McRae had lived four score and seven years of age at the time of his demise. During the war he was engaged in the Commissary department, being in charge of the department. He was also in politics, and represented the district in the Constitution of Georgia in 1876. He was forty-five years a member of the Methodist church, and up to a few years ago was an earnest and faithful member of the church.

Miss Tebeau's School.

Miss Maggie Tebeau, who for more than thirty years has successfully conducted a school in this city, opened the fall term Monday with a fine attendance and the prospects for the term very bright.

Miss Tebeau is ably assisted by Miss Lillie Thomas, one of the most competent teachers in the State, who has been with the school for many years.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage —All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

A DEMENTED WOMAN.

Went Crazy on Subject of Religion and Will be Sent to Asylum.

Deputy Sheriff F. S. Curl of Archer brought to this city Monday Nancy Williams, a colored woman, who was arraigned upon a charge of being demented.

The committee, Drs. J. M. Dell and E. Lartigue, and John C. Balis, made an examination of the unfortunate woman and reached the conclusion that she is demented.

The patient has lost her mind on religion. She believes, from her speech, that she is a living angel, and is seated in a buggy behind a slow horse, en route to heaven, and the horse will not move fast enough for her. An amusing feature of this unfortunate's case was reached when she imagined Dr. Dell was the horse, and with a stick she held in her hand, attempted to strike the Doctor over the head, with the remark: "You're dead slow; git up!" Dr. Dell did "git up," and this was the point when, as chairman of the committee, he declared that the woman was crazy, and the other members of the committee agreed with him.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

THE YELLOW FEVER.

Pensacola and New Orleans Now Hopeful of the End Soon.

Pensacola, September 18.—No new cases of yellow fever up to noon today, and Dr. Porter is feeling very much encouraged. A number of suspicious cases are under investigation.

At New Orleans.

New Orleans, September 18.—From 6 p. m. yesterday until noon today 11 new cases and no deaths. Total cases 2,582, and total deaths 335. It is thought that by October 15th the disease will be stamped out.

Other Points.

The Georgia State Board of Health has served an injunction on Atlanta city, restraining them from interfering with the State quarantine.

The negroes at Lake Providence, La., walk around the town and spread fever before they are discovered and isolated. There is some improvement, however.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

Melrose Mention.

Melrose, Sept. 18.—Mr. and Mrs. H. von Noszky have returned from their summer outing.

Miss Margaret Morrison and Fletcher Morrison of High Springs have been recent guests of Mrs. A. W. Craig.

Mrs. Simon Coward spent last week in Interlachen.

Miss Anna DaCosta of Gainesville is visiting friends in town.

Miss Alice McRae of Sanford is a guest of Mr. and Mrs. A. A. McRae.

Miss Kate Mizelle left Saturday for her school at Francis.

Miss Cora Lyons of Interlachen is at Mrs. Simon Coward's to attend school here.

Mr. Yearwood and family have returned from Georgia.

Miss Kennie Lambdin of Jacksonville spent last week with Miss Flora Morris.

Mrs. Marvin Phifer of Gainesville is visiting her mother, Mrs. W. M. Corpew.

Dr. J. C. Davis of Kansas City, Mo., who is spending some time in Florida, is visiting his cousins, Mr. and Miss Jackson.

Mr. Thomas Torlay is recovering from typhoid fever.

Rev. T. H. Sistrunk is holding protracted meetings at the Methodist church. Nineteen new members have been added to the church.

Remember the temperance rally here on the 21st. Everyone invited to come and bring basket dinner.

The editor of The Crystal River News is taking a vacation to rest and recuperate.

Many people of Pensacola who left home to escape the yellow fever are returning.

W. J. Pearce of Phosphoria is forty-nine years old and has never been out of Polk county.

Walker & Sheppard of Bristol will have their new cotton gin in operation in a short time.

Col. John Darling, aged 83 years, died at his home in St. Augustine, September 16th, of heart disease.

Marion Johnson was badly injured by being caught in the machinery of a well-boring apparatus at Lake City.

The Democrat says that Pasco county is overflowing with prosperity and everybody is at work who wants to work.

The Bachelors' Pressing Club has been organized in Tampa. No females to "go through" their clothes, it is supposed.

Ocheshachee, one of the old Seminole Indians of the Everglades, has gone to the happy hunting grounds. He was known as Old Doctor.

Cotton shipments are not very active from Fort White, many growers taking their bales home from the gins to await an advance in price.

The temperance rally at Anthony, Marion county, last Thursday, was a hummer. Large crowds from six towns and the country were present.

J. M. Casey, a well-known newspaper man of Tampa, died at that place September 16th. He had a host of friends in Hillsborough county.

The contractors on the Seaboard passenger station at Tampa have been arrested for not paying the $50 license required for non-resident contractors.

The bonds of Palmetto have been sold and the sidewalks will soon be built, streets improved and the waterworks installed. Hurrah for Palmetto!

The negro who attempted the criminal assault on the young lady near Bartow, last Tuesday week, was taken to Tampa jail in time to prevent a lynching.

Perry, Taylor county, is keeping the map makers busy putting down the new railroads that are being built to that place. The third road is expected there soon.

Joe Wooden of Tampa has been bound over to the criminal court on the charge of wrecking an A. C. L. engine, causing the injury of the engineer and fireman.

The preliminary survey in the project to drain the Everglades is completed, and the report will soon be made to the Internal Improvement Commissioners.

A smooth duck went into a cold drinks place at Crystal River, made the proprietor believe they were old friends, got the aforesaid prop full on warm drinks, put him to bed, took the cash and skipped.

The Orlando Evening Star says that "something certainly should be done to stop some of the negro drivers from running and abusing their animals so cruelly. No longer than yesterday we saw a negro on Central avenue with a mule in a loop hitched to a heavy wagon. He did not seem to be satisfied at the speed the poor mule was making and was still beating him with the butt end of his whip. If we see such as this again we will see that the perpetrator is handled by the law."

Witte Gives Officers Present.

New York, Sept. 18.—Through an order issued by Commissioner of Police McAdoo, it was learned yesterday that Harry Foye and James Downing, detestive sergeants, who were assigned to guard Sergius Witte, Russian peace envoy, while in this city, received presents of $50 each. The commissioner's order was that permission be granted for the detectives to receive the present, which is required under the police regulations before such gifts can be accepted. Ten per cent will be deducted from the amount for the pension fund.

Nan Remarries Divorced Husband.

New York, Sept. 18.—It was learned that Nan Patterson had been married at her father's home, 3330 Fourteenth street, N. W., Washington, D. C., to Leon C. Martin, her divorced husband. None of Nan's friends were greatly surprised. The marriage was forecasted some months ago while Nan was still languishing in the Tombs. Martin was devoted to her during the term of her imprisonment, called at the prison often, and was the only man except her father and her lawyers who got to see her. He sent her food regularly and other things.

Object to Friendly Attitude.

New York, Sept. 18.—Delegates representing 53 anti-Russian societies met here last night on the East Side to protest against what they termed the friendly attitude of the United States toward the Russian government. After a spirited discussion it was decided to have a monster protest parade of the Russian Jews next Monday calling attention to the sufferings of their people. All the Polish societies are to march and the laborer division of the East Side will be asked to join the parade.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Folk Boom is Launched.

Portland, Ore., Sept. 18.—Governor Chamberlain during the Missouri day exercises at the Lewis and Clark fair launched the boom for Governor Folk as the next presidential candidate on the Democratic ticket. In the course of his welcoming address Governor Chamberlain mentioned Governor Folk as the natural choice of the Democrats for president. Mr. Folk's name as a presidential candidate was greeted by a tremendous outburst of applause.

Syndicate Reaps Big Profit.

New York, Sept. 18.—Members of the H. B. Hollins syndicate made a profit of about $1,400,000 by the sale of their contracts for subscription rights to the stock of the Cincinnati, Hamilton and Dayton road to J. P. Morgan & Co., according to the Herald. They disposed of 65,000 shares at 150 and made a profit of $25 a share. No statement regarding the acquisition of the railroad property was given out yesterday by Morgan & Co.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Divers to Examine Wreck.

Helsingfors, Finland, Sept. 18.—Divers have arrived at Jakebstad to thoroughly examine the wreck of the British steamer Grafton which was sunk by her crew Sept. 1, after landing a portion of her cargo of arms and ammunition on a barren island in the gulf of Bothnia. Among the steamer's salvaged cargo, boxes of bombs and explosives have been found, besides the trifles already reported. The investigations of the authorities have thus far failed to throw much light on the incident.

Secretary Taft at Yokohama.

Yokohama, Sept. 18.—Secretary of War William H. Taft, has arrived here and today received visits from distinguished citizens of Tokio, a large number of local Japanese and foreign residents. There was no formal reception, the visitors calling direct upon Mr. Taft at his hotel. Afterwards he was the guest of M. Otani, a prominent merchant of this city. All is quiet here.

Duchess of Marlborough Arrives.

New York, Sept. 18—The Duchess of Marlborough, who was Consuelo Vanderbilt, arrived here last night on a visit of a few weeks to her relatives and mother, Mrs. O. H. P. Belmont. Neither her sons or husband accompanied her, and it is not expected that the duke will come over during his wife's stay.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

CORN IN FLORIDA.

Florida does not cut much of a figure as a corn-growing State, but there is good reason for much of the poor corn yield in various sections. The fault lies with the tiller of the soil, as well as the soil itself, in many instances, as corn should have considerable care. And, too, the land should have some sort of fertilizer. In the corn belt of the West the soil is black with the natural fertilizer that accumulated before it was ever touched with the plow.

The corn crop of Florida in many instances is not regarded by farmers as worthy of much attention. A farmer, when asked in regard to planting corn, said: "Oh, I plant corn any old time and don't expect a very big crop." In the North the hot season, with plenty of rain, makes the corn grow, and the land is also supplied with good barnyard manure. It is also cultivated twice as much as in this State, the soil being kept well stirred up.

In speaking of raising corn in this State, The Florida Agriculturist says that there should be a general abandonment of the very tall varieties that furnish more growth of stalk than grain. As the stalks are seldom used in this State, a low-growing variety would be more profitable, as it would leave more of the elements of fertility contained in the soil for the formation of the grain. Every corn grower should try new kinds of corn until he finds one suited to his circumstances and conditions. Having found it, he should begin at once to improve it by selection until it is just what he needs. It has been done elsewhere and can be done here.

CORRUPTION FUND.

Some of the old-time Democrats who have policies in the New York Life Insurance Company will be pleased to learn that this company dropped $48,000 into the last Republican National campaign fund, and no one knows how many more before that. The trust companies are also in league with the said insurance companies, so by voting the Republican ticket you aid the concerns that combine to freeze out the legitimate business enterprises of the country.

The money used by the Republican party to buy votes is thus taken from all classes and it is a method of blackmail on the part of the party, and theft on the part of the insurance company that the law has not been able to reach so far.

Yet people will put their faith in the party that is constantly putting the screws tighter on them, maintaining in power men who have not the slightest regard for their condition.

THE RIGHT SORT.

Occasionally the publisher meets with a word of encouragement that has a tendency to cheer him on his way more than a check for a thousand from some disgruntled kicker who pays under protest. The following letter tells the story very plainly and honestly:

"CADILLAC, FLA., Sept. 12.

"Editor Sun: Dear Sir—I received your letter asking me if I desired the paper continued. Yes, please send it. I cannot possibly do without it in my house. I believe I would work one month for a dollar before I would be without The Sun.

"Yours truly,
"SILAS DAVIS."

Mr. Davis is the right sort of a man, and we hope he may never be obliged to do as he offers to, but may live many years to enjoy The Sun-shine in his house.

The Tampa Herald says it spoke of "the blood-thirsty spirit" of the editor of The Punta Gorda Herald "only as a manner of pleasantry." So we will have no blood.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

SUNSTROKES.

The Russian soldiers will now sing "Dear Mother I've Come Home to Die."

The man who is only proud of his wife's cooking has more appetite than pride.

They have a new ruler in Russia, at last. According to the latest cable "famine reigns in Russia."

Some one is trying to ruin the occupation of the rural summer boarding house keepers by stating that typhoid germs lurk in the country.

Because a young lady was "half drowned" at one time and "half scared to death" at another time, it is no sign she is dead. It might have been the same half in each instance.

If the children of some people were only "treated like cats and dogs," or half as well, there would not be so much trouble over families with children, instead of felines and canines, being allowed to live in flats.

These beautiful September mornings should be enjoyed by all. They are beyond compare and the mild and pure atmosphere cannot help but promote health. Gradually the sun's rays warm it up and we have the beautiful weather that makes Florida famous.

A man thinks he loves his wife and children and because he works hard for their support he needs no other evidence that he loves them. Perhaps he does, but when he constantly reminds them of the expense they are to him and seems to begrudge every dollar paid to maintain the home and support the family, he spoils the happiness of that family circle by selfish thoughtlessness.

The rumor that Baron Komura, the Japanese peace plenipotentiary, was trying to poison himself, rather than to return to his home in disgrace, must have originated in some vodka muddled brain. Simply because the great doctors were not able to diagnose his complaint, is reason that he is not suffering from indigestion by being deprived of his fish and rice diet.

A Living Monument.

If we were to assemble all those who have been cured of heart disease by Dr. Miles' Heart Cure, and who would to-day be in their graves had not Dr. Miles' been successful in perfecting this wonderful heart specific, they would populate a large city.

What a remarkable record—a breathing, thinking, moving monument, composed of human lives,—that for which every other earthly possession is sacrificed.

The Miles Medical Co. receive thousands of letters from these people like the following:

"I feel indebted to the Dr. Miles' Heart Cure for my life. I desire to call the attention of others suffering as I did to this remarkable remedy for the heart. For a long time I had suffered from shortness of breath after any little exertion, palpitation of the heart; and at times terrible pain in the region of the heart, so serious that I feared that I would some time drop dead upon the street. One day I read one of your circulars, and immediately went to my druggist and purchased two bottles of the Heart Cure, and took it according to directions, with the result that I am entirely cured. Since then I never miss an opportunity to recommend this remedy to my friends who have heart trouble; in fact I am a traveling advertisement, for I am widely known in this locality."

Manager of Lebanon Democrat, Nashville, Tenn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

GAMBLERS THREATEN OFFICER.

Chief of Chicago's Police Warned to Desist in Carrying Out Law.

Chicago, Sept. 16.- Gambling in Chicago is nearer extinction than it has been in many years. Public gambling in the city limits is dead.

This is the declaration of the police, and the assertion seems to be borne out by the scattering and disappearance of the men who promote and give their times to it. Arrested, driven from place to place, their paraphernalia scattered and destroyed, the members of the fraternity are said to have made one last desperate stand, which portends violence to the chief of police and members of his family if the gambling crusade continues. This has taken the form of an anonymous letter sent to the official and the house threatened dynamiting his home and violence to himself and members of his family.

Chief Collins was inclined at first to denounce these "warnings" as nonsense, but fearing for the safetly of his family, he yesterday stationed a guard near his residence.

The chief refused to divluge the nature of the letters save that they were threatening. He declared them of no importance, although he admitted that his home was guarded and that members of his personal staff were investigating the letters.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she used Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

From Jail to the Bench.

Francis Pemberton (1625-97) was imprisoned in the Fleet for debts contracted during a period of youthful extravagance. While in jail he applied himself to the study of law and came to be regarded as a kind of legal oracle by his fellow prisoners, who nicknamed him Counselor. With the fees they gave him for legal advice he bought books to continue his studies. He then prevailed upon his creditors to grant his release from prison that he might the sooner earn money to pay off his debts. Called to the bar in 1654, after a brilliant career in the palace court at Westminster and subsequently in the house of lords, he became a puisne judge. He was knighted in 1675 and ultimately, on the dismissal of Scroggs, was made lord chief justice in 1681.

The Oldest Paper Books.

What is believed by antiquaries to be the oldest paper book in existence is the "Red Book of Lynn," an ancient register belonging to the corporation of King's Lynn, England. This volume is known as the "Red Book" from its original binding having been of that color. The first entry is a transcript of the will of Peter de Thorndon, burgess of Lynn, dated 1309. The latest entry is dated in the fifteenth year of King Richard II. Fifty years ago the book was repaired and rebound, and the leaves, which age had reduced to a loose, fibrous substance, were carefully resized as an aid to preservation.

Turn About.

An Irish doctor was asked to attend a patient on Tory island, off the Irish mainland. The doctor said that he was willing to go, but that the fee would be £2 ($10), payable in advance. The Tory islander paid the money and ferried the doctor over from the mainland himself. The physician finished his duties and wished to start back. The only way to get back was to be rowed back by the same man who had carried him over. The doctor asked what the charge was. "Two pounds," said the Tory island man, "payable in advance." It was paid.

The Pursuit of Man.

Directly or indirectly we are all interested in the pursuit of the desirable male, for whom every function is really arranged whatever be the ostensible reason. When one sees on all sides how eligible men are run after, fawned upon, flattered, cajoled and humbugged, can the truth of it be denied?—Ladies' Field.

Koran and Bible.

Concerning the alleged resemblance between Christianity and Mohammedanism Rev. Napier Malcolm, in "Five Years In a Persian Town," says: "There are really not many resemblances to note. An officer of Indian troops replied to a Mussulman's suggestion that there were resemblances between the two religions, 'There is hardly a single practical point where Mussulmans and Christians are not entirely at issue,' whereupon the Mussulman said: 'Sahib, you have read your Bible and have also read the Koran. I always make that remark to Christians. I made it to a padre the other day, and they almost always say: "Very true. Mohammedanism has a great deal in common with Christianity." Well, sahib, when they say that, I know that they have not read the Koran and that they have not read their Bibles.'"

Emperor Nicholas, accompanied by Minister of Marine Birileff, left Peterhoff today for a cruise in the Finnish archipelago.

Steamer LaTouraine, from Havre, reported by wireless telegraph at 3 o'clock this morning off Nantuckett lightship, and will probably dock at 4 o'clock this afternon at New York.

A dispatch from Weimer, Tex., says that two men were killed in a boiler explosion in a cotton ginnery at that place early today. Their names were John Macha and Frank Ponkluda.

The plant of the American company in the village of Collinsville, Mass., was crippled by fire which destroyed a large five-story brick mill today. The loss exceeds $50,000; covered by insurance.

A special to the Chattanooga News says that James Bean, a prominent citizen of White's Creek, Tenn., has dropped dead when he was within a few feet of where he killed Benjamin Hast, a short time since.

The official bulletin issued today announces that three fresh cholera cases and one death from the disease occurred during the twenty-four hours ending at noon today, making the total 109 cases and 69 deaths.

The Standard Oil Company today again advanced the price of all grades of crude oil except Raglan. The higher grades were raised three cents and the lower grades two cents. This is the second advance since Tuesday.

The resignation of Viscount Yoshihawa as Japanese minister of the interior has been accepted. Baron Kyoura, minister of agriculture and commerce, succeeds Viscount Yoshikawa as minister of the interior, while retaining his original post.

The anual report of the Chesapeake and Ohio railway company, for the year ended June 30, shows gross earnings of $20,724,371, an increase of $1,426,846. The surplus remaining for the year after the payment of charges and dividends was $73,259, an increase of $653,378 over 1904, when a deficiency existed.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W H Harrison, Cleveland, Miss., writes, Aug 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M Johnson.

Georgia Negro Troops Disbanded.

Atlanta, Sept. 18.—With today the five companies of negro troops in the state of Georgia pass formally out of the service of the state. This applies both to the active and retired negro troops, both of which classes are discharged from the military service of the state and the active troops are directed to make immediate report of all the state property which they have on hand. The formal order was prepared Friday and which was issued Saturday.

Dr Finn's Testimony Interesting.

Dr Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

THE CENTAUR COMPANY, NEW YORK CITY.

Seven Lives Lost in Fire.

Acon, Conn., Sept. 19.—The explosion of a fuse followed by a fire in a building of the Climax Fuse company here caused panic among 20 employes in the building and resulted in the death of seven and injuries that doubtless will prove fatal to several others. There was no way of coping with the flames, which soon spread rapidly, and in less than an hour after the explosion occurred those who were unable to escape were in the clutch of a fire that eventually burned their bodies to ashes. As the day wore on, the great crowd that collected in the hamlet saw the bodies of men and women roasting in the fire, powerless to even check the flames.

Preacher a Financial Promoter.

Peoria, Ills., Sept. 18.—The Rev. eGo H. Simmons, pastor of the First Baptist church and president of the Interstate Bank and Trust company, of this city, has purchased the People's Savings bank. The bank is a private institution and is capitalized at $50,000. Rev. Simmons has had an extraordinary career. He educated himself in a Kentucky theological school. His first business venture was three years ago, when he organized a company with $100,000 capital to manufacture a cereal coffee. He then organized the State Bank and Trust company of this city with a capital stock of $200,000.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

Five Murders In One Day.

London, Sept. 18.—The correspondent of the Daily Mail at Baku, under date of Sept. 14, says: "Within the short space of two hours this morning five assassinations were committed in broad daylight in the busiest thoroughfares. The murderers escaped owing to the indifference of the police, who are mostly Tartars. Sinister rumors that another Tartar attack on the Armenians is contemplated has caused a panic among the inhabitants."

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edma, Me. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

Plan Monument for Jackson.

Charlotte, N. C., Sept. 18.—The Mecklenburg Daughters of the Confederacy are raising funds to place marks and a monument at the birthplace of President Andrew Jackson, near Waxhaw, Union county. The house was long ago demolished. In recent years there has been much dispute as to Jackson's birthplace, but the Daughters have collected evidence which seems to substantiate fully the claim of Union county.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

Stock in the Emma Gold Mine

At the price today is the best and safest investment possible to make.

This mine is opened and ore on the dump. It is not an experiment, but a safe and sound investment.

With every $100 invested in stock we will issue a 3 per cent gold bond, insuring the investor from any possible chance of loss.

The gold bonds are as safe as Government Bonds.

We would like to hear from you if you could be interested in a first-class investment, absolutely safe, and one with the brightest prospects and future of any gold mine ever opened or discovered. It will bear the closest investigation and we would like to get you interested. Full particulars for the mere asking.

RIFE & COFFMAN,

Brokers. St. Clair Building, Marietta, Ohio.

Send us a postal for full information. Mines within 200 feet of the Emma have paid as high as 40 per cent in one year. Watch the Emma Mine and its dividends.

PHIFER BROS.,

Phifer's Corner, Gainesville, Fla.

The Union Central Life Insurance Company

of Cincinnati

Established in 1867

Has made a record during the last twenty-five years not equalled by **any Life Company in the United States!**

In twenty-five years it has earned the highest rate of interest of any life company, although its assets have consisted of the safest non-fluctuating securities—mainly first mortgage loans on real estate—ON WHICH THE COMPANY HAS SUSTAINED A LOSS OF LESS THAN ONE TENTH OF ONE PER CENT, during the same period of years.

The UNION CENTRAL is the Great Policy-Holders' Company.
